Smarter Balanced Testing

We will begin Smarter Balanced Testing for grades 3-6 at the beginning of April. These tests provide a snapshot for us of what our students know, and we use this information as we plan our instruction. The goal is for each student to do the best he/she can without getting nervous about taking the test. Please take time to talk with your children as we get closer to testing about trying hard, getting plenty

of rest, and having confidence in their abilities. All of us have confidence in them, and continuing to build that confidence is so crucial for their success now and in the future. Thank you for your support!

Vocal Contest

We are very excited to be hosting a Vocal Contest on Saturday, March 4 for our upper elementary and middle school students! We want to wish everyone the best of luck as they perform; our students have so much talent! We are proud of all of you!

Lego Contest

The elementary student council will be holding a Lego Contest in April. We have not set a date yet, but details will be coming out concerning the categories. Please stay tuned! The students are excited about bringing this back after not having it for a few years!

No School on March 10th and 17th

There will be no school on Friday, March 10th and Friday, March 17th.
